

St. Pius X School Improvement Plan 2026–27

At St. Pius X, our vision is to **Be Your Best Self at Home, School and in the Community**. Our values are **Love, Inspire and Achieve**, and we always aim to be **Safe, Ready and Respectful**.

This year, we are working on four big goals to help make our school even better.

1. Getting Better at Maths

We want everyone to feel confident and successful in maths.

We will:

- Have more fun maths activities, including learning outdoors.
- Use practical maths equipment and games.
- Help families learn maths alongside children.
- Give teachers new training to make maths lessons even better.

By doing this, we hope:

- More children will enjoy maths.
- More children will achieve their maths goals.
- Everyone will feel confident tackling maths challenges.

2. Becoming Stronger Readers and Writers

We want all children, especially in P4-P7, to improve their reading and writing skills.

We will:

- Use exciting new reading resources.
- Take part in a national writing programme.
- Help children understand how to improve their work.
- Give children lots of opportunities to read and write in different ways.

By doing this, we hope:

- Children become confident readers.
- Children enjoy writing and sharing their ideas.
- Everyone makes great progress in literacy.

3. Making Our School Inclusive for Everyone

We want every child to feel welcome, valued and supported.

We will:

- Make classrooms calm, organised and welcoming.
- Help everyone understand and support different needs.
- Build positive relationships across the school.
- Make sure all children have what they need to succeed.

By doing this, we hope:

- Children feel happy and safe.
- More children attend school regularly.
- Everyone feels like they belong.

4. Improving Our Curriculum

We want learning to be exciting, meaningful and prepare children for the future.

We will:

- Listen to children when planning learning.
- Create more opportunities for real-life and outdoor learning.
- Work with families and the community.
- Help children develop skills for learning, life and work.

By doing this, we hope:

- Learning feels relevant and engaging.
- Children are motivated to do their best.
- Everyone develops skills for the future.

Our School Targets

This year we are aiming to:

Improve attendance from **91% towards 94%**.

Help more children achieve success in maths, reading and writing.

Make sure every child feels included and supported.

Give every learner the chance to shine.
