My child loves being involved in other activities at the school such as the school football team and school play.

We love St Pius!

My children both enjoy coming to school, they are happy to leave the house in the morning which makes me happy, they are encouraged to learn to their potential and encouraged to be healthy and happy. Well done St Pius!!!!

Good help with holistic development.

My child is extremely happy at school and loves all the teachers.

The school help to promote and develop my sons learning. He has achieved so much since commencing school. The school make regular contact to ensure we are up to date with what progress he is making. My son requires additional supports and he receives what he needs to reach his full potential.

Our child loves school so this has to be credited to the staff of the school and the school itself.

I am happy with my children going to St Pius. If I have had any concerns I feel these have been dealt with swiftly.

I feel the school covers all bases of my child's education and wellbeing.

I really like how St Pius gives individual extra support in areas which are needed for each individual child.

The staff at St Pius are a credit to the school and there appears to be a great deal of effort to ensure that each child is nurtured and supported.

The school have been very supportive with my child's additional support needs and have always listened to my concerns. Anything I have asked them to do over and above their roles they have also actioned.

My son is supported in all aspects of his needs at school. When I raise any concern to the school they take this seriously and are understanding.

The teachers have been a credit and have brought my son on so well

I feel very informed by my child and the school to what she is learning.
